Attendance:

Daniel Ingvoldstad – Chairperson
Pearl Miles – District Manager

Milton Ellis – CB9
Jacqueline Welch – CB9

Review options for chasing down funding for a new Sanitation Garage.

Revisited conversation around upgrading or moving the sanitation garage at 690 New York Avenue (at Winthrop). A previous request to sanitation to consider adding an additional floor to the garage was rejected due to inadequate space to build a ramp to the second floor.

We are working with the Community Board 9 District Manager Pearl Miles to setup a meeting with SUNY Downstate to discuss using their property to build a new facility.

Open Items/ideas from Board Members

Sanitation Enforcement

The Environmental Committee would like to meet with sanitation to review current processes for enforcing violations around illegal dumping, dog feces, alternate side parking for street cleaning and snow removal. We would like to understand how they are tracking and pursuing violators, and how we can assist.

Set Schedule for the remainder of the year.

The next Environmental Protection Committee meeting will be held on December 2, 2015 – 7:00pm in the board office.
