

Register of Community Board Budget Requests

For The Preliminary Budget
Fiscal Year 2019

Brooklyn 9

The City of New York
Bill de Blasio, Mayor

FY 2019 Preliminary Budget Register of Community Board Budget Priorities

The Register of Community Board Budget Requests for the Preliminary Budget reports the FY 2019 preliminary budget status of each of the projects and programs requested by the City's 59 community boards.

The FY 2019 Register is the charter mandated product of a dynamic and cyclical budget process for the 59 community boards. The community boards consult with agencies on the capital and expense needs of the district. After consulting, each community board develops and votes separate priorities for up to 40 capital and 25 expense budget requests which the agencies review and respond to in the **Register of Community Board Requests for the Preliminary Budget** in January.

The Mayor's Office of Management and Budget (OMB) reviews these same budget requests and updates the responses for the Executive Budget.

In May, the City Council holds public hearings on the Executive Budget. At these hearings, community boards, community groups and interested citizens may comment on the budget decisions contained in the Register.

In July, OMB publishes the **Register of Community Board Budget Requests for the Adopted Budget** which informs the boards of the final disposition of their original budget priorities. The Adopted Register contains responses that reflect the changes made to the Executive Budget by the City Council.

Capital project requests from community boards are site specific, and primarily for infrastructure or public facility improvements.

For more specific information about programs important to the community boards, refer to each agency's section in the Message of the Mayor for the Executive Capital and Expense Budgets.

Call 212-788-5943 for more information about the community board process including consultations, and the geographic versions of budget documents.

FORMAT OF THE REGISTER

The Register of Community Board Budget Requests is sorted into four versions: Community Board, Borough, Council and Agency. In all versions of the Register, each board's expense requests directly follow their capital requests. The requests are in board order.

LAYOUT OF BUDGET REQUESTS PAGES

Column 1: Priority Number

The priority assigned by a community board reflects the importance of that request as compared to its other requests. Boards may assign Continued Support (CS) to a project which received funding for construction in any year of the current Financial Plan.

Column 2: Tracking Code

The nine digit identification number assigned to each community board budget request. Tracking codes are unique to each request and identify the borough, community district, year submitted, and request. The first digit refers to the borough, 1 = the Bronx, 2 = Brooklyn, 3 = Manhattan, 4 = Queens, and 5 = Staten Island; the second and third digits indicate the district number. The fourth through seventh digits represent the fiscal year for which the request was submitted and the last two digits are the request number. The tenth character indicates whether it is a capital ("C") or expense ("E") budget request.

Column 3: Project Information

Request: A brief description of the project.

Explanation: Supporting information detailing the project, and its potential benefits.

Responsible Agency: The City agency which would implement the project.

Budget Line Number: The number assigned to a capital project that was previously funded or is included in any year of the current Financial Plan.

PROJECT ID: The Capital Project Information System identification number which allows projects to be entered into the City's computer tracking system. The number of the managing agency and the project identification number make up the PROJECT ID of the project.

Source of Request: Any group(s) which support the request.

Column 4: Response

The Preliminary Budget recommendation for each budget request.

| 02 | 209201902C | <p>Request: Provide new or upgrade existing sanitation garages or other sanitation infrastructure</p> <p>Explanation: There are major problems with Community District 9's existing sanitation garage. Not only is it in an unsuitable location at 356 Winthrop Street (close proximity to Kings County Hospital, SUNY Downstate Medical Center; SUNY Dialysis Center; SUNY Biotech Facility) but it is also too small. The results being the parking of garbage filled sanitation trucks on the district's streets in close proximity to residences, as well as imposing unsafe conditions for pedestrians. This district has endured these problems for many years. We would like to see the allocation of funding to renovate and expand this facility to provide a much needed state of art facility to address the district's needs and eliminate the existing conditions which impact negatively on the community.</p> <p>Responsible Agency: Department of Sanitation</p> <p>Supported by: Hon. Mathieu Eugene; Hon. Darlene Mealy Hon. Laurie Cumbo</p> <p>Location Site Name: Bk09 Sanitation Garage Address: 356 Winthrop Street</p> | <p>No alternate site has been identified to support the proposed action.</p> |

Additional traffic safety measures can be taken to allow for the safe use of the street by all. Community Board 9 has requested that the Department of Transportation do a traffic calming study of the district but, to date, DOT has not agreed to begin one. In the meantime the installation of speed humps on random streets has not really given us a sense of "calmed traffic".</p> <p>Responsible Agency: Department of Transportation</p> <p>Supported by: Hon. Mathieu Eugene, Hon. Laurie Cumbo Hon. Darlene Mealy</p> | <p>More information is needed from the community board before making a funding decision. | 22 | 209201922C | <p>Request: Other traffic improvements requests</p> <p>Explanation: Although the speed limit has been reduced to 25 mph, motorists are still speeding throughout the district.
