## Transportation Committee Updates

### Eastern Parkway Proposal

After the last meeting Mr. Nathan Albert, Brooklyn DOT Coordinator was emailed and his response is as follows:

The Eastern Parkway project will be moving forward next year, with the potential for some changes implemented at a couple of intersections along the corridor later this year. We are still trying to iron out the timeframe and our operational capacity to conduct the installations, but if any work takes place before the end of 2017, we will make sure to notify the board well in advance.

Borough Commissioner Keith Bray and I would be happy to meet with you one day in the coming month or two now that you are transportation chair at CB9.

We hope to hear about your interests and concerns throughout the district and how we can be of better service. Let me know if you would be interested in a meeting and we can find a date that works for us.
