

**Community Board 9
890 Nostrand Avenue
Brooklyn, NY 11225**

**Minutes of the
Environmental Protection Committee Meeting
March 19, 2015**

Attendance:

Daniel Ingvaldstad – Chairperson

Pearl R. Miles – District Manager

Committee members were not in attendance at the meeting, third meeting held where no Board Members on the committee were in attendance.

District Manager Pearl Miles provided valuable background information regarding the critical need for a new state of the art sanitation garage for the district.

The committee will renew efforts to engage the elected officials and the agency, regarding partnering with New York State to utilize state owned property; and for providing the funds necessary to make this project a reality.

Respectfully submitted
Daniel Ingvaldstad
